

Clues:

“Big Turtle” Riverbox / Scioto Park

(Inspired by the Huron tribe’s creation myth, found at <http://www.firstpeople.us/FP-HTML-Legends/Huron-Creation-Myth-Wyandot.html>.)

- Enter the top of the park and follow the road down toward the river.
- Go around a tree to park in the land of the humans, next to the land of the animals.
- Look for the island of trees to the south and journey toward this “island.”
- Pass through the man-made southern shelter house.
- Continue downstream 20 paces and look away from the water to spy a man-made concrete pad.
- From the concrete pad, face up hill and walk 10 paces at a 45-degree angle.
- Look to your left at the base of the largest tree.

Once you discover the ***Big Turtle Riverbox***, please tell us about it by sharing your experience in the DAC *Riverboxes* Guest Book, www.dublinarts.org/ripple/guestbook.html.

Happy Riverboxing!
